Policies and considerations:

1. Unless otherwise noted, individual student scholarships are open to any AuD, PhD, or AuD/PhD student in audiology who will be enrolled at a U.S. university when the grant is awarded *except* those graduating in December of the current application year for Fall semester scholarships.
2. University audiology programs may nominate/recommend only one student for each scholarship opportunity annually.
3. Students are encouraged to discuss these opportunities with department chairs and/or SAA chapter advisors, and may self-nominate; however, if more than one student from the same university program self-nominates for the same scholarship opportunity, the university may only recommend one student.
4. Students are only eligible to receive one scholarship award per academic year (i.e., August through July annually), although they may apply/be nominated for more than one scholarship.
5. Students are only eligible to receive a specific scholarship one time, although they are eligible to receive a different scholarship in subsequent years.
6. Effective September 2013, no past or current member of the National SAA Board is eligible to apply for the SAA Student Leader Scholarship.

7. These policies are subject to change; as such, students and university programs are encouraged to visit the Foundation Web site for the most up-to-date information on scholarships.

Application Deadline: April 30, 2017 at Midnight ET

A respected university educator, scientist, publisher, and philanthropist, the audiology profession lost a great friend in 2010 with the passing of Dr. Sadanand Singh.
